We have examined the books of the Treasurer, and find them to be correctly kept and properly vouched.

We have also examined the affairs of the Almshouse, and report them to be in a satisfactory condition. Although the cost of board per week is greater this year than last, the actual ex-

pense to the Town is \$253.00 less than last year. It is but just to the Warden and his wife, to say that, in our opinion, they have managed the institution with economy and good judgment, and kindly cared for those placed in their charge. We think that the Overseers have done wisely, and that their action will meet the approval of the citizens of the Town, in securing the services of persons so well fitted, by character and experience, for the places they fill, as Mr. and Mrs. Kingsbury.

Respectfully submitted.

NEEDHAM, February 1, 1867.

NOTE.

The lot of woodland known as the "School Land," situated in Dover, was given to the Town of Needham soon after its incorporation in 1711, by Timothy Dwight, of Dedham, for the benefit of the "school in Needham." At the time of Mr. Dwight's decease, in 1717, he had never formally conveyed it to the Town, but his sons, Henry Dwight of Northampton, and Seth Dwight of Dedham, carried out the design of their father by giving the Town deeds of the land. The wood has been sold from time to time, and the proceeds paid into the Treasury. In 1817, the Town voted "to expend annually, for schools, the interest of the money due the Town for wood sold on the school land in Dover, in addition to what is granted for that purpose."

From 1826 to 1858, \$90.00 were annually appropriated, in accordance with the above vote. From 1858 to 1864, this amount was increased to \$100.00. In 1858, \$205.33, and in 1864, \$866.49 was realized from sales of wood.

Worthington, in the History of Dedham, says of Mr. Dwight, that "He was the Town Recorder, Selectman, and also a Deputy to the General Court. He was a faithful and upright man, and greatly esteemed for his personal merit, and for his public services. His character is given in the Church Records, which state 'that he was a gentleman truly serious and godly; one of an excellent spirit, peaceable, generous, charitable, and a promoter of the true interests of the Church and Town.'"

It is suggested that the Town might express its appreciation of this gift by voting to denominate the school fund the "DWIGHT FUND."

Sale of wood on School Land, 1823-1864. See page 89. Vol. 4.
